

THE COMPUTER WORKSHOP GROUP NEWSLETTER

June 2023

WELCOME TO JUNE

Indy Brennan
Online Marketing Assistant

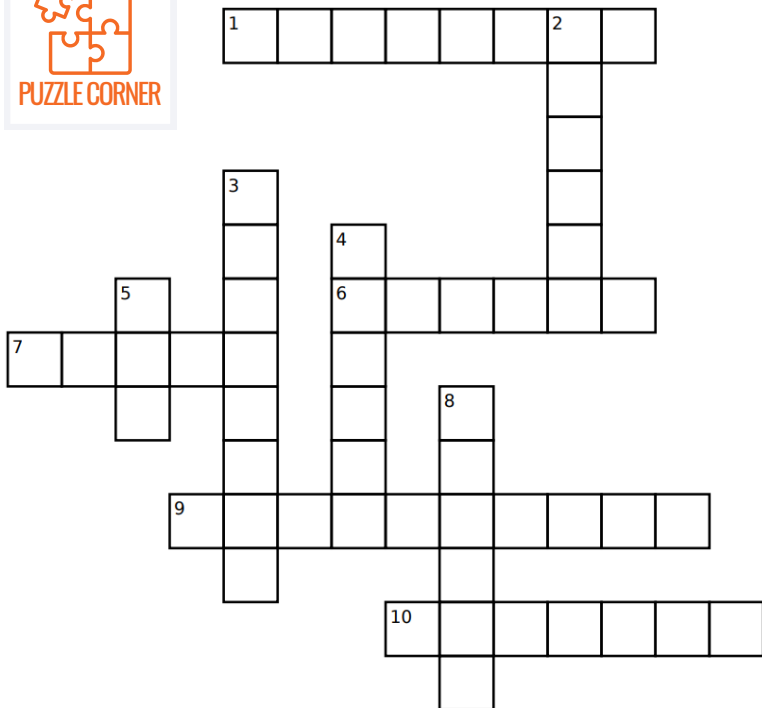

June is here, and so too is the End of Financial Year! A busy time for everyone, including us at The Computer Workshop Group.

Throughout May, our travels out West to Clermont have been frequent, with two trips in the past month!

From Tech-Bay services to Starlink installs, we are continually engaged assisting the Clermont, Cloncurry, Julia Creek, Richmond and Hughenden Communities.

Once again, we would like to say a **HUGE THANK YOU** to our rural customers and their continued support. We love "Making IT Happen" for you and look forward to our upcoming trips away.

With End of Financial Year quickly approaching, our Team are ready to assist with all of your I.T. maintenance and purchase needs. Let us help close out your financial year in preparation for a fresh start to 2023/24!

DOWN

2. Small piece of code that performs a specific function
3. A cyber attack where a false entity tries to obtain personal information
4. A powerful computer providing services to other computers on a network
5. A unique string of characters identifying a website
8. A portable computer

ACROSS

1. A method of storing and accessing data
6. Discarded electronic devices or components requiring proper disposal
7. A program that replicates itself and spreads to other computers without user consent
9. Process of converting data into a secret code
10. A visual display

TESTIMONIAL:

Amanda Medill

"David and Chris, you have restored my faith that there are wonderful people in the world. You worked tirelessly, with professionalism, haste and above all, with integrity!
I am truly grateful!"

EOFY REMINDER

"ARE YOU READY FOR 2023/24"

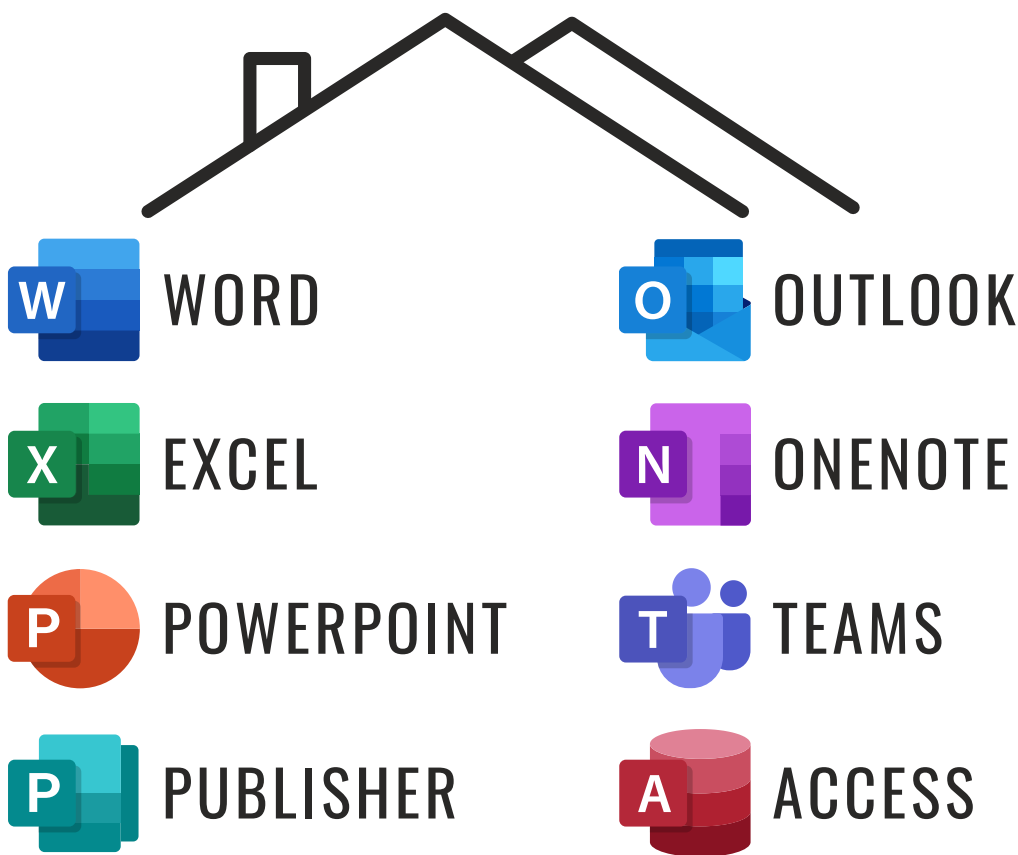

With June 30th fast approaching, now is the time to renew subscriptions and invest in some new (potentially tax-deductible) I.T. equipment!

Maybe you're wanting to start the 2023/24 Financial Year off right with a new business website or social media strategy? Or are you looking to renew / purchase Microsoft Office 365?

Our team are ready and waiting to "Make IT Happen" for you!
